

BASIC INCIDENT COMMAND SYSTEM TRAINING

The *Eastern Cape Umbrella FPA* (ECUFPA) is glad to announce that it will be hosting a Basic ICS Course in Stutterheim. We invite all FPAs, Municipalities, Government Departments and all other interested parties to use this opportunity.

A minimum of 20 students is required.

Course Description

Learn a proven incident management system for emergencies, disasters or event. Students will be introduced to an effective system for command, control and coordination of response to and at an incident/event site. The Incident Command System (ICS) is recognized as a standardized on-site management system designed to enable effective, efficient incident management by integrating a combination of facilities, equipment, personnel, procedures and communications operating within a common organizational structure.

ICS is used to manage an incident or non-emergency event and can be used equally well for both small and large situations.

Course Goal

The purpose of this course is to provide students with a general understanding of the Incident Command System, Command & General Staff functions and responsibilities, the Planning Process and its role in supporting the effective management of resources during an incident/event.

Course Contents

- ICS Fundamentals
- ICS Features, Principles & Applications
- Functional Areas and Positions and common Responsibilities
- Facilities
- Delegation of Authority and Management by Objectives
- Organizational Flexibility
- Meetings, Briefings & ICS Form Completion
- Demobilization, Transfer of Command and Close-out

Course Date: 12 – 14 November 2014

Venue: ECUFPA Offices, 441 Sprigg Street, Stutterheim, Eastern Cape

Cost: R 3 400 per Student (Accommodation costs, travel expenses, etc.

EXCLUDED)
