Umbrella Fire Protection Association

Help save our natural heritage by supporting us and making a donation

The Eastern Cape Umbrella Fire Protection Association was registered in 2012 in terms of the National Veld and Forest Fire Act, (*Act 101 of 1998*).

During June 2017, major fires occurred in the areas of Knysna, Tsitsikamma, Longmore, Thornhill and Van Stadens. This brought to our attention the need for a ***Rapid Response Fund*** to render assistance during these types of incidents. This Fund could assist in overcoming some of the challenges faced during these types of incidents.

Our aim is to promote protection of life, assets and the environment from veld and forest fires, as well as assist in the coordination of firefighting resources throughout the Eastern Cape.
